PROFESSIONAL SUMMARY:

React.js Developer with a strong background in building and optimizing responsive, user-friendly e-commerce platforms. Skilled in utilizing modern front-end technologies, CSS variables for centralized style management, and collaborating with cross-functional teams to deliver high-quality solutions.

TECHNICAL SKILLS:

- **Languages -** HTML, CSS, JavaScript, TypeScript.
- **Libraries -** React JS, Redux Toolkit, jQuery, Ant Design.
- **Frameworks -** Bootstrap, Tailwind CSS, Next JS.
- **CI/CD -** Git
- **Low Code No Code Tools -** WebFlow, Wix.
- **Code Analysis & Formating Tools -** ESLint, Husky.

EXPERIENCE:

React JS Developer - Softieons Technologies | June 2024 – Present
- Developed new design of filteraton section in an ecommerce website with Next JS and TypeScript.
- Developing an e-commerce platform for selling massage chairs and related products, focusing on delivering a seamless user experience.
- Implemented responsive, mobile-first design using React.js, ensuring compatibility across various devices and screen sizes.
- Integrated APIs for product listing, product reviews, and wishlisting, cart section and the checkout process using Redux Toolkit.
- Optimized site performance by using best practices in code splitting, lazy loading, and React hooks to improve speed and scalability.

Front End Developer - Solwin Infotech | Feb 2023 – May 2024
- Assisted the development team to develop multiple websites and web applications.
- Implemented front-end technical solutions to meet project requirements.
- Worked in an agile, collaborative environment to receive design requirements and test applications.
- Assisted QA team to find the design and responsive issues in WordPress plugins..

PROJECTS:

E-commerce Website for Massage Chairs
Tech Stack - HTML, SCSS, Bootstrap 5.3, JavaScript, Reactstrap, React JS, Redux Toolkit.

- Built and maintained a fully functional e-commerce website for selling massage chairs and related products using React.js.
- Focused on centralized management of styles using CSS variables, ensuring consistent and efficient responsive design across various devices.
- Integrated product review systems, categorized products section, token based authentication, admin section to manage products as well as user data to ensure a smooth end-to-end shopping process.
- Optimized site performance and scalability through code splitting, lazy loading, and React hooks.
- Collaborated with cross-functional teams (designers, backend developers, and product managers) to ensure timely and high-quality feature delivery.

Project Management Tool
Tech Stack - HTML, CSS, JavaScript, React JS, Webpack, Bootstrap, Chart.js, CK Editor.
- Front End Design using HTML, CSS, Bootstrap with interactive and Responsive user interface.
- Created web pages with React JS functional component-based layout.
- API integration with web pages using REST Api.
- Created dashboard page using different charts, tables and created custom chart for user's project timeline.
- Worked with the QA team, successfully resolved bugs and added improvement as needed.

EDUCATION:

K. J. Institute of Engineering and Technology | Bachelor of Engineering | Jul 2020 - May 2023
Government Polytechnic Gandhinagar | Diploma Engineering | Aug 2013 - Jun 2016
